Hi Nevetta,

The initial bill that went out included some costs that occurred before the effective date of the Order which were identified by the PRP. I worked with Karren to get those costs removed and the costs were rerun. The cost package picked up some additional costs as expected, but the costs in question were removed. Mark and Andrea have been working on the cover letter to the oversight bill to help better explain to the PRP the update in costs. I believe we are close to finalizing that letter so I can bring the new (updated) cost package to you for mailing.

Can you give me an update as to when we can expect payment from (A882) Anaconda Aluminum? The due date was 9/5/2017.

Thanks in advance,

Nevetta Chapman
